COMPANY PROFILE: GENIUS BOOKKEEPING CONSULTANTS

The Business

Genius Bookkeeping Consultants was established in 1995 by Madeleine Müller and Moira Badenhorst and is a reputable and reliable accounting firm based in Vanderbijlpark, Vaal Triangle. The two founders, Madeleine and Moira each have more than 30 years' experience in the bookkeeping & accounting environment. Since its establishment Genius Accounting has grown to serve a wide range of clients. Whilst Madeleine and Moira are still operationally involved in the business, they also have a dedicated and efficient accounting team to provide clients with the personalised service they need and deserve.

Services

Genius Bookkeeping Consultants specialise in monthly bookkeeping, payroll and taxation services. They also offer assistance with company registrations, income tax registrations, PAYE/UIF registrations, COID/RMA registrations and returns, COID letters of good standing, IRP5's, and statutory tax returns. In addition to this, they ensure that their client base complies with relevant laws and regulations, especially in terms of accounting, tax and other compulsory requirements.

Genius Bookkeeping Consultants' expanding client base ranges from large corporate companies to small corporations and individuals that are situated all over South Africa. Their team of experts take pride in advising current and potential clients on the best options tailored to their individual business needs, to help them make important business decisions and reach their full potential.

Affordable Solutions

Genius Bookkeeping Consultants provides reliable accounting & taxation services at a cost effective and competitive rate. They offer structured monthly packages that are fair and standardised, yet tailor-made to help their clients avoid unforeseen expenses.

Time and effort

Genius Bookkeeping Consultants places focus on saving clients time and money. They strive to provide clients with timeous, accurate accounting and taxation services as required by law, without the hassle.
